# YELLOWWOODS

NEWS

Dear Yellowwoods Community

We celebrated Madiba Day this morning with a special assembly where the focus was on the legacy of the great man and his commitment, in particular, to serving his fellow man.

Yellowwoods embraces the challenge of honouring Madiba's legacy by collecting food, blankets and toiletries to be donated to the less fortunate among us. A heartfelt thank you to each parent, guardian and friend of our school for contributing in some way to making this possible. We cannot all change the world every day, but we can change someone's world in small ways every single day.

The world needs people who care; people who look beyond their own needs and desires by reaching out to the poor and vulnerable. Real compassion begins with being thankful for what we have. I thank God every day for this school, for its dedicated staff and for the privilege of working with young lives. I know that committing this school into His hands is what will make it great. Jesus fed thousands of people with a boys lunch, imagine what he can do when we place this school in His hands ...

Yours Sincerely

Ignus Potgieter

The Grade 1-7 Yellowwoods Children all thoroughly enjoyed visiting the Grahamstown festival this year and were delighted to watch James and the Giant Peach, performed by UJ Arts and Culture, a division of FADA. A browse through the stalls at the Village Green during lunch kept the children in good spirits. Thank you to all the teachers and drivers who accompanied the children.
